

# ANOTHER BIG DRIVE STARTED BY HAIG ON NORTHERN DEFENSES OF ST. QUENTIN, BLOW BEING STRUCK EAST OF EPEHY

## Enemy Is Given No Chance to Recover From Sledge-Hammer Operations Carried Out by Field Marshal Foch

## FRENCH CAPTURED BENAY SOUTH OF ST. QUENTIN

### British Made Another Advance in Flanders, Capturing Important Strong-point in the Vicinity of Messines South of Ypres

London, Sept. 21.—The British attack against the Hindenburg line northwest of St. Quentin was resumed this morning east of Epehy, says the official report from Field Marshal Haig to-day.

London, Sept. 21.—Further steps forward have been taken by the British on the Flanders front. Field Marshal Haig's statement to-day announces the improvement of the British position west of Messines, to the south of Ypres, where a strongpoint was captured.

The statement reads:

On the occasion of the hostile attack on Messines on Tuesday a corporal and six men of the Highland light infantry, forming the garrison of one of our posts north of the village, were surrounded and believed to have been captured. During the two days which the Germans were in occupation of Messines this party maintained its position with great gallantry and inflicted many casualties. On the night of Thursday-Friday, when Messines was retaken by us, the whole party regained its unit without loss.

"Yesterday fresh attacks against our posts north of Messines were repulsed. In the evening the enemy heavily bombarded our positions in the neighborhood of Gauche wood and under cover of this bombardment pressed back slightly one of our advanced posts north of the wood.

"Throughout the night the German infantry made repeated and determined attempts with flame throwers and bombs to drive in our positions in this locality. All the attacks were repulsed after hard fighting.

"In the night our line was advanced slightly northwest of Bellelisse.

"This morning fighting recommenced in the sector east of Epehy.

"We improved our positions slightly during the night west of Messines, capturing a German strong point and several prisoners. Progress was made by us southeast of Ypres."

## SEVEN BRITISH HELD POST IN MOEVRES

### And When That Village Was Retaken By the British the Beliegees Men Rejoiced Their Comrades.

London, Sept. 21.—Northwest of St. Quentin the British continued their progress through the main Hindenburg line, advancing their front northwest of Bellelisse.

North of Gauche wood, west of Villers-Guislain, one of the British advanced posts was pressed back slightly.

A British detachment of seven men was surrounded and believed to have been captured when the Germans took Moevres. The post was in the northern part of the village and they held it for two days during the German occupation, inflicting losses on the enemy. When the village was retaken the entire party rejoined its unit without loss.

## FRENCH TOOK BENAY, SOUTH OF QUENTIN

### At Castres, Where French Are Only Two Miles from St. Quentin, a German Attack Was Repulsed.

Paris, Sept. 21.—In their drive for the outflanking of St. Quentin on the south, the French last night captured the town of Benay and made progress north of that place, says to-day's war office announcement.

At Castres, where the French are but slightly more than two miles from St. Quentin, a German counter attack was repulsed. The statement reads:

"During the night, French troops operating in the region of St. Quentin captured Benay and made progress north of that village. A counter attack by the enemy upon Castres was repulsed.

"There was activity by our own and the enemy's artillery in the region of the plateau north of the Aisne.

"In Lorraine two attempts by the Germans upon our posts at Arracourt and Anceville (northeast of Lunville), were without result."

### The Vernacular.

"My dear woman," asked the literary "lunatic," "do you periodically castigate your offspring?"

"I dunno," said the lady of the tenebrous, suspiciously.

"He means," translated the settlement worker, "do you ever wallop your kids?"

## TURKS GET CRUSHING BLOW IN PALESTINE

(By the Associated Press.)  
Turkish forces along the line from the Mediterranean sea to the Jordan, north of Jerusalem, appear to have suffered a serious defeat at the hands of the British and French armies and their allies, the Arabs. If the situation develops as favorably to the allies as it is indicated by the reports of the opening phases of the fighting, the sultan's forces may suffer disaster.

Attacking over a front 16 miles in length, the allies have virtually overrun the whole Turkish defensive system along the Mediterranean sea coast. Railroad junctions have been taken and cavalry is operating in the rear of Turkish forces which are holding the line to the eastward of the front where the attack was launched. These enemy units are prevented from retreating eastward by the hostility of the Hejaz tribes beyond the Jordan, and they face a serious problem in making their way back to safety along the western bank of that historic river.

More than 3,000 prisoners have been captured by the allies, who also have taken great quantities of war materials.

## ANNUAL SPAULDING RECEPTION

### Was Given to New Students and New Faculty Members.

Spaulding assembly hall was a rallying point for the entire high school student body and members of the faculty last evening, when the pupils gave their annual reception to the freshmen and new members of the faculty. In the receiving line were Principal Hunt and the following teachers, who are recent acquisitions to the faculty: Miss Mary Tomasi, Miss Fairfax Sherburne, Miss Hazel Cobb and Miss Ruth Ladd. The four classes were represented by their president, Frank Wells of the junior class, Miss Corinne Eastman of the sophomore class, Miss Bernice Davis of the freshman class, and Louis O'Leary of the freshman class. A number of the students acted as ushers.

After the formalities, there was an interesting program in which a series of patriotic tableaux featured. A piano, violin and cello trio by Mrs. J. B. Beardon, Gordon Reardon and Charles Collins was also greatly enjoyed. Miss Mildred Bombard brought the program to a close with a vocal solo. Thereafter there were marching and dancing, the march for upper classmen, with Principal Hunt leading, being the first. Then followed the junior class march, with the class president leading. The sophomore march, with the president in the lead, was known as the hot coffee march. The freshmen followed and the senior march brought the marching to a close. The dancing followed.

### Bombardment Caused Enor- mous Sensation in Germany

### But Neutrals Are Forbidden That Privilege—Germans Admit Casualties

Geneva, Friday, Sept. 20.—"The bombardment of Metz by American heavy artillery caused surprise but no panic," says the Metz Zeitung, "the enemy merely copying the method of the German bombardments of Paris." The paper adds that few persons were killed and the damage was insignificant.

It is learned from Basle, however, that the American bombardment of Metz caused an enormous sensation in Germany. Many of the inhabitants left the fortress but neutrals are prohibited from departing. It is the first time since 1870 that Metz has been under artillery fire.

## WAR WORK FOR STONESHEDS.

### Government Agents Told How the Plants Should Be Remodeled.

R. J. Southwell, superintendent of the service division of the war industries board, who came here at the request of E. E. Elder, national field organizer of the United States employment service, assured some of those in the granite industry before leaving Friday afternoon that the government would be able to help them if they would co-operate among themselves and that a large order might be placed with them through this method. He explained how it will be possible to remodel the stonesheds with a little expense so that government work can be done. He visited the Columbia Granite shed and then the Bonazzi & Bonazzi shed at Montpelier and in the afternoon went to Hardwick to investigate what can be done there for the Woodbury Granite company, leaving in the evening for Washington, D. C.

Persons interested in the Colton shops at Montpelier, which have been closed for several months and also in the clothes pin business met Mr. Southwell while in Montpelier.

## BRINGS ACTION FOR \$2.

### John H. Minnis Says 'Tisn't the Money but the Principle of the Thing.

John H. Minnis of Burlington has brought mandamus proceedings against Benjamin Gates as auditor of accounts to recover \$2, which Mr. Minnis claims the state owes him as a part of his salary as court reporter at the March term of Chittenden county court. The petition, that the account be audited and will be argued at the next term. The petition sets forth that Mr. Minnis was entitled to \$180, which was paid him and that after it was paid he received a letter from Mr. Gates, asking him to refund the \$2, with the promise that if the auditor was not right he would again pay Mr. Minnis and the petition claims that the auditor has neglected and refused to right the wrong.

While the sum involved is small, it appears from the petition that it is the policy that Mr. Minnis wants to correct of the matter. It seems, according to the petition, that the account was audited by Judge S. C. Wilson allowing \$18 for the first 18 days of court and that during that time Mr. Minnis had to go to Boston on the third Liberty loan; therefore, the court had to use a different reporter for a day and Mr. Minnis was not entitled to the higher pay for one of the first 18 days. Many sections of the general laws, as well as court rules, are cited in the petition.

## SERBIANS WENT 9 MILES A DAY

### And Are Now Less Than Eight Miles from Main Highway to Prilep

### PRISONERS TAKEN IN LARGE NUMBER

### The Allies Have Captured Godyak, West of the Cerna River

London, Sept. 21.—The Serbian troops east of Monastir have advanced more than nine miles since day and are now less than eight miles from the main highway connecting Prilep with the Vardar river.

A Serbian official statement received here says a great number of prisoners have been captured and that the allies have taken Godyak, west of the Cerna river and 15 miles southeast of Prilep. In their advance northward the Serbians have passed the line Krnyovo-Strigovo-Drogolet-Poloshko.

Soldiers who have been forced to enlist in the Bulgarian army during the occupation of southern Serbia are throwing away their arms and joining the army of liberation.

The statement reads:  
"Our indefatigable troops continued to advance and have fought northward in one day more than nine miles. The infantry has passed the line Krnyovo-Strigovo-Drogolet-Poloshko. The cavalry is now in the line. More than 10 villages were liberated in one day. In the bend of the Cerna we have taken the village of Godyak. Aviators continuously bombard the retreating troops and attack with machine guns."

"We have taken a great number of prisoners, including a lieutenant colonel. Several guns are reported to have been captured, but the number has not been ascertained, owing to the speed of our advance."

"The population is welcoming the arrival of our troops with enthusiasm. The soldiers of New Serbia who had been forced to enlist in the Bulgarian army are throwing away their guns and passing to our side."

### Will Be Crowded Into a Single Day in Barre Next Week.

Thirty-three lodges, comprising a membership of 2,508, will be represented when the 30th annual convention of the grand lodge, Knights of Pythias, domain of Vermont, opens in Barre Wednesday evening.

Only a day will be devoted to the convention, which is to be conducted on a war-time basis with incidental features hitherto a part of the convention for the most part omitted. For the reason that many Pythians have at a distance undoubtedly prefer to co-operate with the government by doing their part in the reduction of passenger traffic, it is probable that the attendance will be confined largely to accredited delegates and the officers.

Members of Vincinella lodge, No. 10, are in charge of local arrangements for the meeting, which opens in Howland hall Wednesday morning at 9 o'clock. Headquarters is to be established at Hotel Barre, where the committee on credentials is to be in session Tuesday afternoon from 5 to 6 o'clock. On the evening of the same day the members of the Barre lodge will tender a reception to the delegates and the officers.

Howland hall to the grand lodge officers, representatives, other knights, and the Pythian Sisters, an auxiliary organization. Dancing will be one of the diversions.

All day Wednesday the time will be given over to business, and in the evening Sunday temple, No. 140, Dramatic Order, Knights of Kheerassan, will hold a ceremony in Clan Gordon hall. Arrangements for the closing meeting are in charge of W. H. Duttle, the royal vizier, and C. M. Willey, secretary.

### Garments of flimsy material or gaudy coloring, ball dresses, high-heeled slippers, etc. Stiff hats, either men's or women's straw, dress or derby. Anything containing rubber, raincoats, rubber boots, etc. (Note: Rubber heels can easily be removed from shoes.) Books, toys, soap, toilet articles. Notes or communications of any sort or description must positively not be sent.

Contributions will be received during week days at the Red Cross rooms in the church street school building, Sept. 23 to 30, both dates inclusive, and the committee of ladies having the matter in charge will be on duty from 9 o'clock a. m. until 6 o'clock p. m.

### The Kind of Garments Needed.

Every kind of useful garment, for all ages and both sexes, is urgently needed. In addition, piece goods—light, warm cotton flannel and other kinds of cloth from which to make garments for new-born babies, ticking, sheeting and blankets, woolen goods of any kind—and shoes of every size are asked for. Scrap leather is needed for repairing footwear.

Since the clothes will be subjected to the hardest kind of wear, only garments made of strong and durable materials should be sent. It is useless to offer to any afflicted population of garments of flimsy material or gaudy coloring. Make the gifts practical.

Garments need not be in perfect condition. A hundred thousand destitute women in the occupied regions are eager to earn a small livelihood by repairing gift clothing and making new garments adapted to needs with which they are familiar.

Woolen goods of any kind whatsoever are acceptable; soft hats and caps for all ages, and sweaters of any kind and size.

### Miss Esther M. Doherty of Barre, a Native of Scotland, Applies for Her First Papers.

One woman and 20 male aliens figured in naturalization proceedings at city hall yesterday afternoon and evening. It was the first session of court in Barre since the lamented death of Clerk Frederick S. ## NOT MISSING, BUT WOUNDED.

### Private Wilton Smith, Step-son of Mr. and Mrs. C. H. Kenson of Barre.

Their fears allayed by a reassuring letter in which the young man reported that he was receiving treatment for wounds in a hospital in Paris, instead of being missing as was given out by the adjutant general's office, Mr. and Mrs. C. H. Kenson of Church street are now eagerly awaiting further news of the condition of Private Wilton Smith, who is attached to H company of the 26th U. S. Infantry. Private Smith is their step-son, and while he has not lived in Barre for several years, having enlisted in 1917 from North Dakota, he is well remembered by people in this city.

His foster parents received a dispatch from the adjutant general saying that the young man was missing in action on July 20. Almost immediately there came a letter from the Paris base hospital in which they were advised that Private Smith, having been wounded in action, was receiving early recovery with excellent prospects of early recovery. The letter, dated Aug. 1, was written by a Red Cross nurse and signed by Private Smith himself.

Private Smith is 24 years old and a native of Barre. He left here at the age of 17 and for a few years prior to his enlistment in the North Dakota National Guard he was a resident of that state. His brother, Corp. Henry Batchelder, formerly of Plainfield, is in the quartermaster's corps.

## BARRE CALLED ON TO HELP.

### Contributions of Clothing and Materials for the Belgians.

The Barre branch of the Red Cross will conduct a campaign from Sept. 23 to Sept. 30 to secure clothing and material for clothing to be sent to the suffering people of Belgium and northern France. This local campaign is a part of a nationwide effort to relieve the suffering of these ten millions of people who are back of the German line. The headquarters of the Barre campaign will be at the church street schoolhouse and all are earnestly requested to make donations of articles.

Herbert Horner, chairman of the commission for relief in Belgium, appealed to the American Red Cross to collect an additional 5,000 tons of clothing for the Belgians. The request was gladly received, as the American Red Cross welcomes the opportunity to render such a needed service. Below will be found mention of what to send and what not to send:
